- Coding Languages : C , Python ,
Java
- Web Development: HTML,
CSS
- Microsoft Office(Word, Excel,
PowerPoint)
- Teamwork
- Time Management
- Critical Thinking

LANGUAGES

- English (Basic)
- Hindi (Fluent)
- Marathi (Fluent)

PROFILE

Passionate and motivated Computer Science and Engineering student with a strong foundation in programming languages such as Java, Python, C, and C++. Eager to expand knowledge by exploring new coding languages and technologies. Committed to continuous learning and staying updated with the latest advancements in software development, with a goal to grow both academically and professionally in the field.

PROJECTS & INTERNSHIPS

Online Course - IBM CLOUD (2024)

- I completed an online course on IBM Cloud, where I learned how to develop and deploy applications, gaining hands-on experience with cloud technologies.
- Throughout the course, I gained valuable insights and practical knowledge, which significantly enhanced my skills in application development.
- After completing the course, I earned a certificate, and now I feel confident and proficient in building applications using IBM Cloud.

IOT - Project (2025)

Ultrasonic Sensor.

- I have gained solid knowledge in the Internet of Things (IoT), which has enabled me to work on exciting projects combining hardware and software.
- I completed a project on a Ultrasonic Sensor using Arduino, a LCD , and a breadboard. The system measures the distance to an object using the sound waves, providing a practical solution for safety.

Android Development Virtual Internship (2024)

- Developed apps using Kotlin & Jetpack Compose, worked on UI/UX, and integrated APIs.

Palo Alto Cybersecurity Virtual Internship (2025)

- Gained knowledge of network security, cloud security, and threat prevention.

DECLARATION

I hereby declare that the information furnished above is true to the best of my knowledge and belief.
